

ABSOLUTE CONCRETE

Pre Cast Rooding Safety

Absolute Concrete manufactures a range of pre cast concrete roading safety accessories.

Pre Cast Judder Bars are a proven and safe way to reduce traffic speed. They are available in various lengths and are suitable for heavy duty or light duty vehicular traffic. They are steam cured and ready to go as soon as they are stacked in the yard.

Product Description

Application

Pre Cast Judder Bars produced by Absolute Concrete have been designed to provide a high strength good looking road safety system for slowing and controlling traffic flows in places such as where speed could be dangerous, crowded places and areas such as city intersections, crossings, camp grounds, parking lots, and gas stations. Creating a safe and harmonious environment.

Manufacturing standards

Pre Cast Judder Bars by Absolute Concrete are produced in accordance with NZS.3109:1997. With surface finishes to NZS 3114:1987. They are manufactured in 40MPa concrete and 300 grade steel for high durability. Marine options are also available on request.

We have our own hiab trucks and have delivered anywhere from Rotorua to the Cape.
